KP Group Appoints Dr Alok Das As Group CEO

KP Group today announced the appointment of Dr. Alok Das as its new Group CEO, effective November 11th. The company said that with over 30 years of experience in the renewable energy sector, Dr. Das's expertise will be instrumental in guiding 35 companies within the KP Group, including KPI Green Energy and KP Energy, toward new heights in sustainable energy.

"His deep knowledge of solar, wind, and hybrid energy systems, combined with a visionary strategic approach, makes him ideally suited to advance KP Group's renewable energy goals," the firm said.

Dr. Das is an alumnus of IIT Kanpur, where he earned his Ph.D. in Renewable Energy. His career has encompassed strategic planning, project management, and international business development, with a focus on championing sustainable energy policies in India and abroad.

"With a strong reputation as a pioneer in India's renewable energy landscape, Dr. Das has also contributed significantly to developing policies and regulatory frameworks that have shaped the industry over the years. His commitment to sustainable energy solutions aligns perfectly with KP Group's mission to foster innovation and expand its reach both domestically and internationally," the company said.

As Group CEO, Dr. Das will lead KP Group's overall growth strategy, ensuring the smooth execution of its renewable energy projects and initiatives. Dr. Das held significant positions at leading industry firms such as Suzlon Energy, Reliance Energy, and NEPC Michon Limited. At Suzlon, Dr. Das played a key role in expanding the company's operational efficiency and portfolio in both renewable and conventional energy projects, establishing himself as a visionary in the field, the company said.

Chairman & Managing Director (MD) Dr. Faruk G. Patel expressed his confidence in Dr. Das appointment, emphasizing, "Dr. Alok Das vast experience and leadership acumen will play a crucial role in accelerating KP Group's business growth. His expertise will guide us toward our goal of achieving 10 GW by 2030, further establishing KP Group as a top player in the renewable sector. We extend our best wishes to Dr. Das as he begins this impactful journey with us."
